

The Queen of Space

Do you want to learn about the coolest person in the galaxy? Her name is Clara M. Y. She has a sidekick named Chucky. He is a chipmunk. No big deal. She lived in South America. She could shoot stars and she could control meteorites.

She is under disguise no one knows where in South America. She lives in a small cabin. One day she was walking and the guardian of the wind called her. He told her that she needed to come right away because there was a flood coming in Hawaii. She was the only one that could do the job. The Ice Queen was helping us too. The Queen of ice's name is Snowy. And the Snowy sister is Clara! The Queen of the Sun is also helping. Her name is Sunny.

They arrived in Hawaii. They saw it coming. Chucky took out his minich sword. The guardians lined up. With all their might they destroyed the flood! And then finally Clara for sellabraion made a meteorshower. And then they were heading back home.
